C **Dm** **G** **C**
She rode a bus to church each Sunday morning dressed herself and waited at the door
C **Dm** **C**
I called her my little Bible lady hard to believe she was just four

CHORUS 1

F **G** **C** **F** **G** **C**
She said daddy is it true about Jesus daddy is it true the things they say
F **G** **Am** **F** **G** **C**
And daddy did He really die to save us and daddy can he take our sins away

One Sunday she came home and she was different the bus man said she trusted Christ that day
She tried to tell her daddy what had happened but I didn't understand the things she'd say

CHORUS 2

She said daddy it's true about Jesus daddy it's true the things they say
And daddy He really did die to save us daddy I trusted Him today

Then she got sick and oh my heart was broken I didn't know the Lord then couldn't pray
The doctors didn't offer any comfort and God called her home that very day
I left her side and oh the tears were falling and then cried oh Lord what will I do
And then it seemed I heard her voice callin' she said daddy, it's all been done for you

CHORUS 3

She said daddy it's true about Jesus, daddy it's true the things they say
And daddy He really did die to save us daddy I saw His face today
Daddy I touched His face today, daddy I saw His face today
